

26 September 2016

Mr Andy Watts
Wilmslow Running Club
90 Hazelwood Road
Wilmslow
SK9 2QA

Dear Andy

On behalf of everybody at Stockport Cerebral Palsy Society, I would like to thank you and Wilmslow Running Club for once again kindly making our Charity the beneficiary for the Wizard 5 run that took place on Thursday 7 July 2016 at Alderley Edge.

The evening was absolutely splendid and the weather held out throughout the race. We are really delighted with the donation of £1,083.16 that was raised for our Charity from entry fees from the race. Please accept this letter as a receipt for the cheques that you have given me.

It's a fantastic amount that was raised from over 250 runners that took part and we are very grateful indeed. As usual, our marshals thoroughly enjoyed the evening and they did their very best in trying to encourage all the runners taking part on the night. We were very pleased to receive so many kind comments back from the runners that I have shared with the marshals.

As you will appreciate charities such as ours are experiencing difficult times in this very tough economic climate and this donation will help towards funding the Society's valuable services that support disabled people.

The money will initially go into general Society funds, to ultimately be used to pay for equipment and activities for service users.

I enclose a copy of the 2015/16 Society Annual Review and I do hope you find this both informative and interesting.

We would be very interested to be considered as Charity for any other race that you may have available and most certainly next years Wizard 5 race.

Thank you once again for your kindness and generous support for the Society.

Please do not hesitate to contact me if you require any further information.

Yours sincerely

Adrian Rigby-Bates
